

# THE HOLIDAYS ARE PAST.

Depleted Pocketbooks and Ruined Toys Tell the Same Old Story.

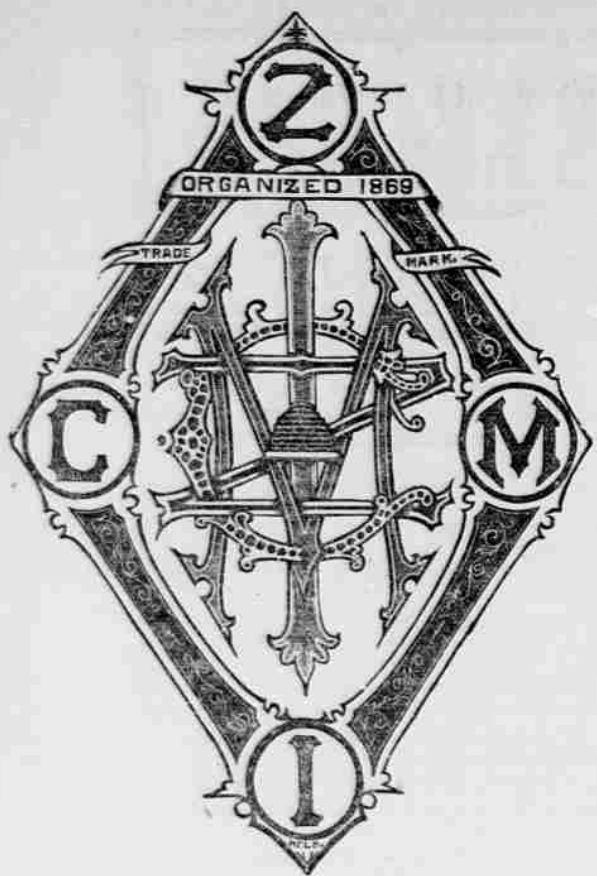

Human Nature Still Has Its Wants; It Must Eat, Drink and Have Clothing.

## Z. C. M. I.

Expects to continue selling, and now that stock-taking is on, many small lots are found in every department, which we do not care to list, we want to sell and so clear up our stock.

Without calling any Special Sale, buyers and users can find—from now on—some very desirable purchases, and we shall be pleased to give our regular customers any advantage.

T. G. WEBBER, Supt.

### CRIMINAL MATTERS

**F. L. Patterson's Record While a Resident of Utah.**

**A. H. ADKINSON ARRESTED**

His Matrimonial Escapades Got Him Into Trouble—Examination of the Counterfeits Continued—Police Court.

The examination of the alleged counterfeiters, which was to have been held before Commissioner Greenman yesterday, was postponed until Saturday.

#### PATTERSON'S RECORD.

His Matrimonial Escapades While Living in Utah.

F. L. Patterson, the news of whose arrest at Butte on Tuesday for rifling letters in the postoffice there appeared exclusively in yesterday's Herald, formerly lived in this city and Ogden and made quite a record for himself here. He was formerly a mail messenger on the Rio Grande, running between Denver and Ogden, and while in the latter place he won the heart of a Junction city belle and led her to the altar. Soon afterwards it was discovered that he had married not wisely but too much, and Mrs. Patterson No. 1 came on from Denver thirsting for vengeance. Patterson was arrested for bigamy, but he displayed so much diplomacy in handling the women that justice was nearly defeated. He made his first wife believe that his second marriage was consummated when he was scarcely responsible for his conduct. To the second wife he wrote that Mrs. Patterson No. 1 was a horrid villain, who had driven him to despair, etc. In all probability the women would never have appeared against him and the case would have fallen through except for a fortunate accident in each woman receiving the letter intended for the other. Then the truth of the adage that "Hell hath no fury like a woman scorned" was once more demonstrated, and as a result Patterson served two years in the penitentiary, being sentenced by Judge Henderson at Ogden.

Police Court. One solitary drunk, Johnny Doe, was before Judge Gee yesterday. He was fined \$5. Officer Carey yesterday arrested A. H. Adkinson on the charge of obtaining money under false pretenses. C. S. Deskey, it will be remembered, was arrested some time ago on a similar charge and was convicted. Adkinson, his partner in the real estate business, claimed to have been ignorant of that transaction, and it was not supposed that he had anything to do with it. Yesterday, however, F. W. Burger went before Judge Gee and swore out a complaint alleging that in April last Adkinson sold him certain lots in Deskey's second addition, representing that himself and Deskey owned the property and could give a warranty deed for the same. The complainant paid Adkinson \$411.50 on the purchase of the lots upon these representations, which were false and fraudulent, as Adkinson well knew.

The defendant was arraigned in the afternoon and Judge Gee set the examination for this afternoon. Adkinson gave bonds in the sum of \$1,300 and was released. Henry C. Burton was arrested by Officer Smith yesterday on the charge of embezzlement. The complainant, Mary Vivian, alleges that on Tuesday Burton appropriated her gold watch, worth \$65, which she had entrusted to his care and keeping. The matter will probably be ventilated to-day. Burton is a confectioner and is thirty-four years of age.

James Deer was run in yesterday by Officer Rhodes on the charge of obtaining goods under false pretenses.

William Rogers, who claims to be a candy butcher, was arrested by Officer Sanders last evening on the charge of picking the pockets of a pedestrian on Main street.

A trio of able bodied beggars were arrested last night by Officers Pool and Smith for begging.

### MUNICIPAL MATTERS

The Parley's canon conduit is practically completed, and will be entirely finished within a week. Its cost will come within the estimate of \$185,000.

The Gas Franchise.

The franchise to the Natural Gas company is back in the hands of the special committee, and the resolution will doubtless be passed at the next session of the council.

The Salt Lake Railway.

The defeat of the resolution granting a franchise to the Salt Lake Railway company has discouraged the promoters of the enterprise, who appeared to be entirely confident that the franchise would go through. It is likely, however, that the differences of opinion as to the route will result in some sort of an agreement which will be satisfactory to the company, and that a right of way will yet be granted.

men were dismissed, but the council will certainly not allow their claims, although it is well known the ex-coppers propose to take the matter into the courts, and have engaged legal advisers to fight the battle for them.

#### NOTES.

The city fathers are gratified over the successful operation of the smoke consumer in use at the electric light power house.

All of the members of the council, except J. F. Pearson Smith, are now in the city.

The defendants in the suit brought by B. F. Stewart vs. the city et al., were served yesterday.

Desk Sergeant John Boyle O'Reilly is engaged in special work, as both Detective Johnson and Glenn are absent from the city.

\$80,850.

That is the Figure Paid for the Ricketts Property.

David Swickhimer Buys It After Careful Investigation—Probability of Two Fine Buildings Going Up.

Nothing has done so much to make the property owners of Salt Lake feel that the good times which have been promised us are knocking at the door as the sale of the tract opposite the Knutsford known as the Ricketts property, being the southeast corner of State and Third streets.

The lot sold has a frontage on both the streets of 115½ feet and the price paid was \$80 per foot, making a total of \$9,300. The purchaser was Mr. David Swickhimer, formerly of Reno, Colorado, and until recently one of the owners of the celebrated Enterprise mine, which was disposed of last season at something over \$100,000.

Mr. Swickhimer visited Salt Lake in the fall of 1890, and though he made only a hasty examination of the city, he became favorably impressed with its prospects.

Through the efforts of several ex-Colorado friends he was not permitted to lose sight of this region, and now, after more than a year, during which he has become largely interested in Pueblo and Denver, as well as in Texas, he returns to Salt Lake and expresses his confidence in the emphatic manner indicated.

This is not the result of a day's work or investigation, but the matter has been pending during a period covering more than a half year, and the several of our prominent real estate men have been assisting in the negotiations—notably J. W. Hamm and H. V. Meloy.

While no definite plan for improving has been determined upon, it is understood that steps will soon be taken to improve both of the valuable corners in a manner alluring to the owners and the city.

Salt Lake now counts Mr. Swickhimer as one among her most interested land holders and would be glad to claim him for a permanent resident. Let the good work go on and 1892 will be a great year for this city.

#### Notes.

Yesterday an offer was made for a good frontage by some California parties on which to erect a large business block.

A \$35,000 deal is pending for some prospective business property in the line of the new growth of the city.

Gas property is in demand—no noise yet—but any that is located will be in demand at spouting prices.

Colonel Lett—the real estate exchange be recognized with natural gas attachments.

#### A BANQUET SET.

Business Men Will Celebrate the Revival of Activity.

The sale of the corner opposite the Knutsford, the transfer of the Telluride block and numerous other smaller deals in real estate and the recent gas jets have cast this community into a much better frame of mind as to the solidity of Salt Lake and given a firm tendency to all properties.

Last night the rotunda of the Knutsford presented an air of enterprise that culminated in a movement to bring the business and real estate men of the city together in a restaurant which cannot do otherwise than result in good.

The good spirit culminated in the following document:

PROPERTY OWNERS' BANQUET AND REUNION to discuss Salt Lake and her future.

We believe that a reunion of the business men and property owners of all classes will result to the general good of our city at this particular time, and therefore propose to have a banquet at the Knutsford on the evening of January 11, and have the commercial strength of the city concentrated, without regard to geographical differences, to work in perfect harmony and take advantage of the most promising opportunity ever offered for the immediate advancement of Utah and Salt Lake city.

Tickets will be given by several most prominent men of the city.

Several hundred names will adorn the list, and the affair will be a good send-off for 1892.

Yesterday's Real Estate Transfers. Clara E. Heddes, to Elmer E. Darling, part of lot 1, block 12, plat G. \$5,600. J. J. Scott to Edward Richards part of lot 5, block 27, plat F. 1. James D. Walker to Alex M. Gilmour lots in block 4, City Park Addition. 1,300. Salt Lake City to Deseret Agricultural & Manufacturing Society blocks in plat C. 3,200. James Donnelly to Thomas Kane lot 30, block 1, Bellevue. 3,200. Eugene F. Jones et al. to Robert E. lot 27, block 2, Garden City plat D. 150. F. S. Hascam to John R. Arnold lots in Kinney & Gentry's Subdivision. 300. H. P. Mason to John R. Arnold lots in Kinney & Gentry's Subdivision. 800. John E. Erickson to Carl A. Erickson part of section 1, township 3, south range 1, west. 250. Total. \$11,452.

### JORDAN VS. NIAGARA

The Arguments in the Big Mining Suit Commenced.

IT WILL BE SUBMITTED TO-DAY

Business Transacted Before Judge Zane—Hearing in the Eureka Townsite Case—Probate Court Proceedings.

The trial of the big mining suit of the Old Jordan vs. the Niagara will probably be concluded to-day. The hearing was resumed before Judge Anderson yesterday morning, when the remaining witnesses for the defense were examined. The object was to show that at the intersection of the Utah tunnel and American Flare fissure, there was mineral in place, and that the character of the rock was quartzite. Having established this fact by Thomas Venard, E. F. Kirby, J. S. Boggs and William Sorenson, the testimony closed, and Judge Marshall made the opening argument for the plaintiff. He was followed by W. H. Dickson for the defense, and he was in the midst of his argument when the court adjourned until this morning at 10 o'clock.

The arguments will probably be concluded to-day, and the case taken under advisement by Judge Anderson, who will require considerable time to digest the great mass of evidence and formulate his opinion.

#### BEFORE JUDGE ZANE.

Discharged From the Reform School—Other Business.

Lottie Phillips, who was some time ago sent to the reform school for general incorrigibility, was ordered discharged from that institution yesterday by Judge Zane.

A DIVORCE CASE CONTINUED.

The divorce case of Mary Ann Erickson vs. Albert J. Erickson was continued by consent.

#### A STAT GRANTED.

In the case of Thomas Knight vs. the Deseret National bank, a stay of sixty days was granted in which to file statement for motion for a new trial.

#### PROBATE COURT.

The Usual Grist of Estates and Guardianships Considered.

Estate and guardianship of George Husler, an insane person; report of sale of co-partnership property; came on for continuance of January 4, 1892; proof of posting approved; Mrs. Anna C. Husler sworn and examined; order made confirming sale.

Estate of Frank Crocker; hearing of accounts continued from January 3; counsel for minor heirs moved that that portion of his objections to the accounts referring to money expended for betterments of buildings be set aside, as these expenditures had been passed upon and allowed by the court in years past; by order of the judge counsel was allowed to withdraw and objections moved by the attorney for the minor heirs that a statement be made by the administrator of the real and personal property of this estate; motion granted; continued to January 15, 1892, at 10 a. m.

Estate of Christopher D. Scherck; the administrator, Jacob T. Scherck, appeared under summons and was ordered to close the estate.

Estate of James Shields; order made fixing January 16, 1892, to hear return of sale of personal property; order made appointing Barlow Ferguson attorney for minor heirs.

Estate and guardianship of Annie J. Shields; order made fixing January 16, 1892, to hear petition for letters of guardianship.

Estate of Frank A. Woolley. Final discharge of administrator made.

Estate of William Skowee. Order made appointing appraisers.

#### THE EUREKA TOWNSITE CASE.

Urquhart's Examination is Proceeded With in the Land Office.

The hearing in the Eureka townsite case was resumed in the land office yesterday, when Mr. Urquhart was cross-examined by Major Bird. The witness testified that the most of the houses on the Diablo mining claim belonged to individuals other than mine owners. He was not very well acquainted with the Acquarius lode claim, and had never seen any mineral workings, shafts or tunnels thereon. There could have been some, however, without his knowledge. There were two houses on the claim. Witness' attention was directed to the Ole Bull and Norway mining claims, United States lots 275-6, and said he knew the lands embraced within those locations.

The parties who now held them located them in 1882. He could not, however, state, as a fact, when the ground was first located for a mine or mining claims. To the best of his information no mineral bearing rock had been discovered in the Norway or Ole Bull. Witness had worked in both those claims. From the knowledge he had obtained as a miner in these claims he should consider them valuable for mining purposes. No portion of the ground that was located and occupied by these mining claims was claimed or occupied for townsite purposes prior to the location of the mine. There had been mineral discovered in the Norway, but, so far, nothing to pay. As to the Ole Bull, he did not see any in the workings.

Major Bird asked the witness whether it was not a fact that he saw mineral bearing rock upon the surface of each of these two

claims, outside of the workings that are upon the claim. Witness replied that he did on the Norway, but not on the Ole Bull. The witness was examined further by Judge Sutherland on re-direct, but nothing of importance elicited.

UNITED STATES POSTOFFICE. Closing of the mails, November 12, 1891.

**Purify Your Blood**

The importance of keeping the blood in a pure condition is universally known, and yet there are very few people who have perfectly pure blood. The taint of scrofula, salt rheum, or other kind of impurity is hereditary and transmitted for generations, causing untold suffering, and we also accumulate poison and germs of disease from the air we breathe, the food we eat, or the water we drink. There is nothing so effective as Hood's Sarsaparilla to purify the blood, and it is the only medicine that can be trusted to do so. It is the power of Hood's Sarsaparilla over all diseases of the blood, this medicine, when fairly tried, does expel every trace of scrofula or salt rheum, removes the taint which causes catarrh, neutralizes the acidity and cures rheumatism, drives out the germs of malaria, blood poisoning, etc. It also vitalizes and enriches the blood, thus overcoming that tired feeling and building up the whole system. Thousands testify to the superiority of Hood's Sarsaparilla as a blood purifier. Full information and statements of cures sent free.

**Hood's Sarsaparilla**

Sold by all druggists. \$1.50 for \$5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass. 100 Doses One Dollar

**Children Cry for FITCH'S CASTORIA**

"Castoria is so well adapted to children that I recommend it as a substitute for any prescription known to me." H. A. ARDER, M. D., 111 South Oxford St., Brooklyn, N. Y.

"I use Castoria in my practice, and find it specially adapted to affections of children." Alex. Robertson, M. D., 107 St. Ave., New York.

"From personal knowledge I can say that Castoria is a most excellent medicine for children." Dr. G. C. Oakes, Lowell, Mass.

Castoria promotes Digestion, and overcomes Flatulency, Constipation, Sour Stomach, Diarrhea, and Feverishness. Thus the child is rendered healthy and its sleep natural. Castoria contains no Morphine or other narcotic property.

### Tutt's Pills

stimulate the torpid liver, strengthen the digestive organs, regulate the bowels, and are unequalled as an Anti-Bilious Medicine. Elegantly sugar coated. Dose: small. Price, 25 cents. Office, 33 & 41 Park Place, N. Y.

**NO MORE BACK ACHE**  
O'DONNELL'S KIDNEY PILLS  
We make more porous plasters than all other makers in this country combined, because the public appreciate the merit that exists in our goods. BENSON'S is the only medicinal plaster for household use, all others being weak imitations. Get the Genuine.

Recently the following notice appeared in the San Francisco Chronicle.

"Judge S.—had been sick only about two weeks, and it was not until the last three or four days that the malady took a serious turn. At the beginning of his illness he suffered from diabetes and stomach disorder. Later the kidneys refused to perform their functions and he passed quietly away. This ended the life of one of the most prominent men in California." Like thousands of others his untimely death was the result of neglecting early symptoms of kidney disease.

IF YOU are troubled with diabetes, gravel, or any derangement of the kidneys or urinary organs, don't delay proper treatment until you are forced to give up your daily duties. Don't waste your money on worthless remedies and worse plasters, but strike at the seat of the disease at once by using the greatest of all known remedies, the celebrated Oregon Kidney Pills. It has saved the lives of thousands. Why should it not cure you? Try it. Purely vegetable and pleasant to take. \$1.00 a package, 6 for \$5.00.

### THE MORGAN HOTEL

### M. U. S. L. I. N.

UNDERWEAR.

Your attention is called to this fact:

All of these goods are manufactured

for us from designs and materials selected

several months

previous to shipment.

It has been our custom to have this done

since we commenced business, because

it has always been a prominent department with us. We placed

the order this season as usual, at that time

not anticipating

building.

We could not countermand the

order, consequently.

Next Monday Morning the

whole shipment will be placed on

sale at a less price than ever before.

As this is the Largest Invoice we have ever

received at any one time, it will give those

who have these goods to buy an exceptional

opportunity to purchase them at greatly reduced prices.

The line will be displayed in our

windows Thursday, Friday and
